A Product Brochure

## Classic Traditional

Kalco pergolas and canopies are awesome additions to any open space or private areas, whether residential or commercial property. Entirely made of aluminium and easy to install, they ensure quality and protection without compromising on comfort and style. With exceptional design and a wide range of colors they transform all dull areas into beautiful outdoor environments, offering fully-customized solutions as well.

Traditional pergolas are resistant to all weather conditions, easy to assemble and maintenance free. Powder coating finishes are available in many colors of seaside class quality and in several wood imitation shades.

## Traditional - canvas roofing

The combination of traditional pergola with canvas roofing offers additional protection and shading, lending simultaneously the sense of noble, particularly when combined with wood imitation shades. This solution is ideal for applications intended for traditional summerhouses, giving the charm of country style.

## With fixed louver blades

The technological evolution in shading systems! An exceptional modern design construction characterized by top functionality and high aesthetic value. The pergola can be fixed any angle, providing the optimum design for best sun-shading. It can be easily maintained and converted to other designs.
